Old Cars & Friendships

Ed Baines, President AACA

The other day I was thinking about our great hobby and what it means to different people. After much deliberation, I have come to the conclusion that not only is this an antique car hobby, but also a "people hobby". Let me give you a few examples to explain my reasoning. My wife Peg and I would much rather go on a Sunday tour with other members of our local chapter, than for she and I to just take a long drive in an antique car by ourselves. Why? So that we can be with other people--our friends. I'm sure that is one of the main reasons we draw so many participants on our Reliability, Glidden and Founders Tours. The same reasoning holds true for our car meets, local and national. The old cars may be the catalyst that brings us together but our friendships make it so much more enjoyable. In the lobby of the host hotel, have you ever observed how happy people are to see one another? You have never seen such hand shaking, back slapping, hugging and kissing in your life. These people are genuinely glad to see each other! In our Policy and Procedure Manual, under the paragraph entitled "Aims and Purposes", it states among other things, "the promotion of good fellowship among all AACA members", so apparently our forefathers intended for us to enjoy good fellowship as well as drive and show old cars.

Here is a written testimonial. As a member of the Publication Committee, I was reading a region publication, a quote caught my eye. A member was
(Continued in next column)

giving a report on going to Hershey. After an accurate description of the magnitude of the flea market and other activities, he concluded by writing, "but for me, the best part of Hershey is the opportunity to visit with old car friends from across the country." Quite a testimonial.

Recently, Peg and I went to a funeral home to say our last "good-bye" to an old antique car friend. While talking with his wife, she remarked, "of all the hobbies we were involved in during our lifetime, we enjoyed the antique car hobby the most." Almost as an afterthought she said, "do you know what made it so enjoyable--it was the people--I'll never forget the people and their friendship." I hope a lot of you feel this way. If you do, let's continue to enjoy those antique cars, but make sure you are conscious of our wonderful friendships.

Welcome to Billy & Flora Reeves

DSR's newest members are William (Billy) and Flora Reeves who joined at the March meeting. They are the owners of a '63 Rambler HT and a '66 Rambler SW which formerly belong to Tom and Martha Brown. Billy retired from IPC last November and enjoys building furniture while Flora is in to arts and crafts in a big way. They have 1 son and 2 daughters who have presented them with three grandchildren. They are currently acquainted with the Fews, Ed Grimes and the Youens but make sure to say hello and introduce yourselves to them at the next meeting. Their address is 124 Fairlane Drive, Satsuma, AL 36522 and their telephone is 675-2694.

(Is it legal to live on "Fairlane Drive" and own Ramblers?)

Minutes

Deep South Region A.A.C.A. March 28, 1996 Meeting

The March 28, 1996 meeting of the DSR was called to order at 7:30 PM. With thirty one members and four guests present, Al White, vice president, conducted the meeting. Don Dillehay delivered the invocation.

Old Business

Al White opened the meeting with an update of the construction in the clubhouse addition. The minutes from the February meeting were approved as printed by a motion from Ernie Youens and a second from Bob Gechijian. Proposed amendments to the DSR's bylaws, published in the March newsletter, were read aloud. A motion to approve the amended bylaws came from Ed Lunsford. Providing the second was Lucille Nettles. Buddy Paquet, activities coordinator, recapped the judging seminar held in March at the clubhouse.

New Business

Al White called for a discussion concerning security for the vendors at the auto parts swap meet scheduled for April 20-21 at the clubhouse. On a motion from Jane Bruton with a second from Bob Gechijian, it was approved that the vendors must be responsible for their own wares. DSR will not be providing security. Al White asked for donations so that a hose reel might be purchased for the clubhouse. Jerry Finley, car show chairman, reported on the DSR show coming up on May 11, 1996. He also mentioned this year's show will have two co-sponsors. Buddy Paquet outlined future events and outings including the 11th annual Gold Cup Race in Panama City, FL. on April 20th and a May 18th cookout at Jim and Nancy Henderson's farm. Everyone was urged to preregister for the DSR show. Lucille Nettles, treasurer, presented the March financial report. It was accepted on a motion from Jane Bruton with a second from Melvin Neese. Patt Paquet, **Sparkplug** editor, discussed a Glad Bag-a-thon proposal from Keep Mobile Beautiful. Patt also had on hand a sample A.A.C.A./DSR auto tag. The tags are 5.00 each and Patt is taking orders!

Announcements

It was announced that Bob Gechijian generously donated 100.00 toward lighting the entrance to the clubhouse addition. DSR received a club participation award from the Old South Club. Al White won the 50-50 Pot. Al called for adjournment of the meeting at 8:15 PM with Bob Gechijian providing the motion and Jerry Finley offering the second.

Respectfully submitted,

Greg McDonnell

Old South Antique Auto Club Show is a Winner for DSR

When the show was over on March 23, the DSR members walked away with trophies galore! We received the Club Participation Award and every member who entered a car took home a trophy, too. This show is always well done but this year they outdid themselves with 85 cars registered for their 34th annual show. In recent years most clubs have presented their judges with some type of memento and Nancy Dunlop came up with a beautiful certificate as a Judge's Award. It is complete with a gold seal and ribbon and presented in a folder suitable for framing.

DSR entrants were **Bailey, Burdeshaw, Collins, Jarvis, Lunsford, Lyles, Paquet, Reid and Vergos**; visitors were **Carter, Coker, Dillehay, Edwards, Finley, Fontana, McDonnell Sloan and Whigham**. Vendors were **Bush and Harper**. Congratulations to the **Lunsfords** on their **Pre-War Best of Show trophy for the second year.**

Mustangs Run in the Rain

Despite rain and blowing winds during the night, the 17th annual Gulf Coast Region MCA went off on schedule March 29-31, 1996. Early arrivals at the field on Saturday morning found tents that had been erected the day before on the ground and the sunshine that Florida is famous for hidden behind heavy clouds that were leaking profusely. However, this club refused to let the weather get the best of it and the show continued as planned.

DSR entrants were **Jerry Finley** who brought home the Gold Award in his class and **Mike and Darlene Ebl** who took first place in their category.

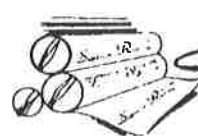

It was a good turn out of cars but due to the weather, day-of-show registrations were down. There were many who came from out-of-town with their trailered vehicles which were never unloaded. Unfortunately for the vendors, the crowd that usually attends this show was down also but, there is always next year!

When it Rains, it Pours

The Southern Mopar Association's "Mopars at the Battleship" was flooded out March 30 and had a rain date of April 6. "Rain date" are words that normally mean re-schedule for better weather. Wrong! Again, on April 6, the rain came. The club members could not believe it. Two weekends in a row. A decision was made - "the show is a go." Some workers were there by 7:30 AM and by 8:00 AM cars started coming in; it was cool and but the rain had stopped. Unfortunately, around 9:30 AM it started to drizzle and with a north wind of 15-20 mph, it got cold. When it judging started there were 45 Mopars sitting at the picnic area dripping water. These were die-hard show goers who knew this show could have been a big success the week before and subjected their cars and lives to salvage what they could.

There were 64 cars pre-registered by March 29 and Larry Jordan, chairman, said that by the phone calls during the previous week there could have been 100 + cars if Mother Nature had cooperated. This was the club's first attempt at a show in a number of years and planning has already started for next year. The five clubs participating were the Miracle Strip Mopar Club from Ft. Walton Beach/Pensacola, FL; the Gulf Coast Mopar Club out of Pascagoula, MS; from Mobile the Old South Antique Auto Club and the **Deep South Region AACA represented by Roger Vines** and, of course, the SMA. Did they have fun? You bet they did and we can look forward to a bigger and better show next year.

TALBOTT-MOORE

Moffett Road Baptist Church was the setting March 23 for the wedding of Loraine Aileen Moore and Michael Thomas Talbott Jr. Dr. Robert E. Williamson performed the ceremony.

Parents of the bride are Mr. and Mrs. Robert E. Moore Sr. The bridegroom is the son of Mr. and Mrs. Michael T. Talbott Sr.

Given in marriage by her father, the bride was attended by Sharon Ethridge Moore of Orange Beach as matron of honor. Karla Bryant Hinton, Lisa Michelle Harbin and the bridegroom's daughter, Christine Talbott, were bridesmaids.

The bridegroom was attended by his brothers, Joseph Talbott of New Orleans as best man, William Talbott and Timothy Talbott. Other groomsmen were Tory Taylor and Terry Hinton.

Elizabeth Hope Moore was the flower girl and Robert E. Moore III was the ring bearer.

After a reception at the Moffett Road Baptist Christian Life Center, the couple left for a honeymoon in Gatlinburg, Tenn. They will reside in Mobile.

Mrs. Talbott

Remember When?

Ernie Youens

Ten years ago, April 1986, the recipe-of-the-month was Laura Faust's Rice & Corn Casserole. Chaplain, "Ole Hop" Hopkins's devotional from the January *Sparkplug* was reprinted in the *Rummage Box* which is the National AACA's newsletter that is sent to all AACA officers and region/chapter presidents. There were six cars and 13 members bringing home trophies from the Central Alabama Region's show in Montgomery. In early April the club had a plant sale in conjunction with a local nursery and boosted the treasury by \$400. April 5 was an important date for the club. We provided 18 cars for the Mobile Bears baseball team to be transported from the Admiral Semmes Hotel downtown to Jaguar Field. Each vehicle received a baseball cap for participating. Naturally, everyone was trying to get autographs from Chuck Conners, Cal Abrams, etc. H.D. Lowe had a baseball that he had caught at one of the last Bear's games which he had saved and was able to have many of the players sign it for him.

The "Page Outing" which was held on Feb. 23 received national publicity having been written up in *Old Cars Weekly*, a popular car publication. (At that time the cost of a subscription was \$21.50 per year and today it is only \$34.95 which is a great buy for all you get.) The outing was an event sponsored by the Catahoula Junque Collectors Association which some DSR members also belong to.

It was with sadness that at the April meeting it was announced that member Ray Faust and former member Andy Edmons had died recently. Also several members had had deaths in their immediate families.

Plans, including more sprucing up of the grounds and getting all the food items together for the meals, were continuing for the car show scheduled for May 8-10.

Editor's Note: The April issue of the *Sparkplug* ran a copy of the article in *Old Cars Weekly* but space does not permit me to include it. If you would like a copy, call me and I will bring it to the April 25 meeting.

Landscapes should be more than beautiful...

We create gardens to live in...

GARDEN

 RENAISSANCE

Greg McDonnell • Russell Coker

P.O. Box 70111 • Mobile, AL 36670 • (334) 476-7178

Members Under Restoration

Frances Dillehay is having ear problems along with diabetic complications...Darlene Ebl had the first of two heart surgeries on April 8 with the second to be done in about three weeks...Buddy Paquet had a heart catheterization on April 11 which showed no significant blockages but also had an adverse reaction to the medications and dye...anyone else that I am unaware of having illness?

Camellia Classic '96

It is around 5:00 AM...there is lightening, thunder and that most awful sound of all on a car show day - rain! "Oh, no", I thought "it just cannot do this three weekends in a row." And wonder of wonders, by the time the workers arrived at 7:00 AM it had stopped and when the cars began to drive onto the Great Lawn at Bellingrath Gardens, there was sunshine. With 117 pre-registered, the other 86 cars that registered on site were handled quickly and efficiently. There were few no-shows and only a handful of "Do Not Judge" vehicles so the three judging teams were able to complete their task in a timely manner. Awards were presented on schedule and competitors were on their way home with plenty of daylight left.

This is the third year for this show and for John Reid to serve as chairman. He and the members of the Mobile Bay Mustang Club which puts the show on are to be commended for all their hard work before, during and after the show when clean-up time comes.

Not only do visitors to this renown attraction have the opportunity to see the gardens on the day of the show but all of the vehicles as well. There was a wedding held during the late afternoon so all of the music and announcements were put on hold until it was over. There was a "Children's Area" for youngsters who were tired of looking at cars but it seemed a lot of the adults also enjoyed the entertainment, especially the mime who was there. There was a large number of those attending the show who took advantage of strolling through the gardens, enjoying the Boehm display or taking a ride on the river to view the area from another perspective. You just could not ask for more in the way of a car show.

Mobile Area Food Bank was a recipient of donations of non-perishable food items.

The DSR members on hand with cars were **Breland, Carter, Cochran, Collins, Crowdus, DeCrease, Finley, Gechijian, Grimes, Henderson, Lunsford, Lyles, Martin, Neese, Nelson, Paquet, Reid, Rowell, Vines White and Youens.** Visiting were **Coker, Dillehay, Hedberg, and McDonnell.**

13th Annual Strawberry Classic

Larry & Becky Burdeshaw

The Golden Oldies Street Rod Club of Ponchatoula, LA is the sponsor and strawberries are the name of the game. You can get everything from ice cream to earrings with the ripe red fruit on it. The show was not only blessed with sunshine but with it being held on the Winn-Dixie shopping center pad, they had temperatures in the eighties. They have a downtown parade complete with city officials, bands and floats, an open air food bazaar and antique shops where you can spend the day and your money.

There were 198 cars registered for the show which had 27 classes. The host club's cars were not judged. Judging started at noon and four people with a lap-top computer completed it so awards were presented at the given time of 4:15 PM.

DSR entrants were the **Burdeshaws** and the **Ebls**. Unfortunately, with Darlene's surgery only five days before they did not get to go but daughter, Shelly, took the car and brought home their prize. She also won the 50-50 pot which was a treat! Also on hand were **Ron & Sandra Bush**, our resident automobile memorabilia vendors.

The *Sparkplug* is non-profit and published for the information of our members and friends. DEEP SOUTH REGION meetings are held the fourth Thursday of each month in the clubhouse at 951 Forest Hill Drive. Membership in the Antique Automobile Club of America is required to be a member of this region. Annual local dues are \$15 and AACA national dues are \$24 single/\$26 joint. Views expressed in the *Sparkplug* are not necessarily those of the Region officers or AACA.

Gus Vergos New Elks Leader

Local businessman and DSR member, Gus M. Vergos was installed as exalted ruler of the Benevolent and Protective Order of Elks Lodge No. 108 in ceremonies March 24. This is the third time for him to hold this office. Gus has been a member of the Elks for 45 years,

Vergos

serving on the state and national levels also. He resided in Pensacola, Florida where he was a teacher and assistant principal prior to moving to Mobile. He has been in the real estate business for 27 years in Mobile and is the only DSR member who has his very own Greek island!

Help! Help! Help!

The DSR's 13th annual car show scheduled for May 11 will be here before we know it. Two more good members, **Marge DeCrease** and **Frances Whigham**, have volunteered assistance. They will be handling the door prizes and ask that you bring two of same to the April 25 meeting. We still need someone to head up the tally committee. **Becky Burdeshaw** has aged to help with tallying but cannot head the committee.

"Also Visit Our Pensacola Location"

Mobile Bay Mustang Club's Annual Show Postponed

If you were planning to attend this show, you still can but it will be October 5. Due to so much work on the Camellia Classic, the club decided to hold their 8th annual show later in the year.

Work Day at Clubhouse Rescheduled

Put on your work clothes and come on out to the clubhouse on **May 4** to help tidy up the building and the grounds in preparation for our annual car show. Members will be doing "spring cleaning" on windows and floors and trimming the trees and plants as well as getting the flower beds looking nice. You can start with coffee at 9:00 AM, get all of the work done then finish with lunch and some fellowship. There will be more discussion on the "eating part of the day" at the April 25 meeting. Please bring your hoes, rakes, weed eaters, etc.

Birthday Party for LaVerne Hopkins

April 12 was LaVerne's 78th birthday but on the following Sunday afternoon some DSR members treated her to a birthday party at her home. Many of you know that she spent the months of December, January and February in the hospital and convalescent center while most everyone else was enjoying Christmas and Mardi Gras. It was time for her to have some fun.

Seems as if being ill would have been enough but it appeared that if she had not had bad luck she would have had no luck at all. Her daughter, Judy, was here during most of LaVerne's hospitalization and when possible attended their church on Sage Avenue. Can you believe that while Judy was in church one Sunday morning, someone stole LaVerne's car from the church parking lot? It was later found abandoned and stripped. Then came the unusually cold weather and some of the pipes in and under LaVerne's house froze and burst. This was two days before Judy was to return to California. To say plumbers were in short supply at that time would be the understatement of the year. To the rescue came good friend, June Jarvis, who did temporary repairs until it could be done right.

The good news is that LaVerne is on the mend and has an outlook that not many of us could equal. She went on April 11 to re-new her drivers license and thinks her brother has located her another car so that when she is well enough, she can start getting around town again. Way to go, LaVerne!

DSR License Plates For Sale

If you would like your very own DSR license plate to go on your antique/classic car, you can. The plates are white with the DSR logo in red. The cost is \$5.00 per plate and can be ordered by sending a check payable to DSR to me at the address on the newsletter. If you don't have a car to put one on, hang it up in your garage or any place you like. Show your support of the club and let folks know you are proud to be a member.

New Column in Future Issues

A.A.C.A. furnishes suggested guidelines to editors for club publications. In both 1994 and 1995, one suggestion has been that each issue contain a "message from the editor". I have ignored this in the past because I was not sure what that meant since most of the time the editor is the one who has written the entire newsletter. Starting with this issue we will play "catch up" and you will find one for January, February, March and, of course, April and the rest of the year.

Editor's Note.....January

You can get a good view of the club as a whole from this position. You can see what does and does not work; how members tend to form groups among themselves and learn who will go the extra mile. I was disappointed with the small turnout for the Christmas party but look for it to be held in our clubhouse next year. Remember, the club is made up of all of you....it does not belong to the officers or just a few people. Make your presence count.

Editors Note....February

How many of you have called a business and got a recording that starts off by saying "Your call is important to us."? Well, you, as members, are important to the club and your opinion is important to the officers. When a topic is up for discussion, don't just sit back and not speak out. What you have to say is important. Your idea may be the best one. It might just be the solution we need to solve a problem.

Editors Note....March

Do you realize that there a few members of DSR that I have never had the pleasure of meeting and at least one of them has been a member longer than I have? Also, did you know that there are some things that I know about some of you that I bet only someone close to you knows? For instance, how many of you know that John Reid hates green bell pepper but he loves Eugenia's deviled eggs and Geneva's peanut butter (continued in next column)

cookies? Did you know that Ernie Youens always has strawberry shortcake for his birthday? Did you know that DSR has its very own stationary and you can have a few sheets if you need it? Did you know that the club has a really neat card that can be sent when someone makes the newspaper? What else would you like to know about DSR?

Editor's Note....April

Car show season is here and as much as I would like, I cannot be at every show. If you go to one and you don't see me, call me and tell me which of our members were there, what the show was like and this will make you a "reporter" for the *Sparkplug* with your very own byline! Seriously, you cannot begin to imagine what a help this would be and how much others would enjoy reading it. Don't wait for me to call you, ring my phone.

Another Retiree

I was not aware that **Melvin Neese** had completely and officially retired until just recently. I was under the impression that he was still "part-time" boss but as of January 1, 1996, he is out to pasture on the Neese ranch. Melvin started in 1957 with Gill Printing and moved to Dahlgren Ink Mfg. Co. in 1966. Wanting to be back in the printing end of the business, he went to work for Cole Printing Co. in 1966 where he remained until 1974 when he and Betty had the opportunity to buy Superior Printing which was an established enterprise, but in need of equipment upgrading and lots of elbow grease. After 22 years, he has decided it's time to have some fun and that is exactly what he is doing with his new toy, a World War II Jeep that he is restoring. Congratulations and best wishes, Melvin!

If you are interested in business cards with our DSR logo, **Antique Automobile Club of America**, your name, address and telephone number on them, see me at the meeting. This price is \$20/500 from, where else, **Superior Printing**. I will take orders.

Attention: AACAs Cooks

The AACAs Library and Research Center is preparing a cookbook. It will contain 750 favorite recipes from members of AACAs.

We would like to feature your recipes in our book. Your name will be printed in the book with your recipe. In addition to the 750 recipes, the book will contain a complete section of specially selected, authentic, up-to-date basic cooking information. There's all the basic cooking information one could wish for collected and bound together with our recipes into one book.

We want our book to be representative and successful, and we would like to include your name

and recipe in the book. Please write or type from one to three of your favorite recipes, preferably in different food categories (e.g. Appetizers, Main Dishes, Cake and Cookies, etc). We will select one or more for publication

We feel that this cookbook project with your help, will be very successful and you may want to order one or more for yourself, as well as for gifts and special occasions. Ordering information will appear in a future issue. Thank you for your help and cooperation in providing us with your recipe.

Please mail your recipe by July 31, 1996 to Mary Neff, 407 E. Derry Road, Hershey, PA 17033. (Recipe form appears on this page, photocopies are fine.)
