Deep South Region AACA Newsletter

Vol. 51 No. 12 December 2018

## DSR Year End Party and Awards Program

A jolly good time! Once in a while, in all things worth celebrating, there comes along a festive occasion that eclipses all others. The 2018 Deep South Region-AACA's Annual Christmas Party on November 29th was one such an affair. Lending a bit of celebratory ambiance, it was held this year at the Riverview Plaza Hotel in downtown Mobile and was well attended by members of the club as well as guests and potential new members.

The evening began with an opportunity for cocktails and conversation in the Harbor Room of the hotel with a perfect accompaniment from the enjoyable and well-suited entertainment. The decorations arranged by Rheba Chaudron, were phenomenal and an excellent addition to the tables were items from a collection of scale model cars provided by David Ladnier, the club's Activities Director, which was perfectly in character to our theme of antique and vintage cars.

Next, came an artfully presented and super delicious buffet which was offered by the hotel staff who were exceptionally attentive.

After dinner, in perfect AACA accord, awards were presented by Charlotte Dahlenburg in two new categories for 2018. The Henderson Family

*Above Left: Henderson Family Service Award recipient, David Ladnier and presentors, Jim and Mallory Henderson*

*Above Right: Ray Harlper restoration Award recipient, Paul Degantias and presentor, Ray Harper*  
*Right and below: Entertainment and decor for the Year End Party*

Award, recognizing recipients for outstanding service to AACA's Deep South Region which was presented to David Ladnier and the Ray Harper Award recognizing outstanding, ongoing restoration projects, which went to Paul Dagenais. There was also recognition of life time members, Buddy and Ann Givens.

After awards presentation, members took the opportunity to visit with one another and to take photographs. Our club has several accomplished photographers; two of which, Ray Harper and Leslie Sellers, made themselves available for individual photos as well as group shots for the archives of memorable, AACA events.

Our heartfelt thanks go out to all who took part in assuring that this event would be as joyous an occasion as possible. It is folks like you who work tirelessly behind the scenes to create these successful events and for that we are grateful.

All in all, we were richly blessed with fun and camaraderie and I think everyone would agree, that this Christmas gathering can successfully be added to the DSR annals as one of the very best!

Merry Christmas everyone!

- Belinda Rooney

*David Ladnier accepts the Henderson Family Service Award*

*Ray Harper presents the Ray Harper Restoration Award to Paul Dagenais*

*Paul Dagenais gives advice on getting these awards*

*Presentation of the lifetime member chips and update on the members that have passed on*

## Henderson Family Service Award

The Henderson's have been long standing member of our club. They have willingly given their time and talent and money over the years whenever the need arose.

Jim Henderson could be found supervising the construction of the addition to our building, cleaning the grounds or general maintenance to the clubhouse. Whenever the clubhouse needed repair Jim would make sure it was done.

Scott Henderson could always be found helping behind the scenes to make any event successful, whether it was a cookout, car show, parade, or even guarding a National car show all night. He was always willing to jump in and help without being asked or assigned a task.

Mallory Henderson is a true volunteer at all our car shows. Many times traveling back from Auburn just to help out. Mallory also holds the distinction of being our youngest officer.

The Henderson's enjoy all automobiles, but they especially enjoyed the hobby of collecting and preserving antiques autos. The Henderson's are active in the AACAA at the regional and national levels as well as the local level. Their character and personality always added to every event that they attend. Scott's zeal for life and love of cars will be greatly missed. We hope this award brings honor and warm reflections of the Henderson's contributions to the Deep South Region of the AACAA.

A plaque will be presented annually at the Deep South Region Year End Party to a member that is in good standing and has given of their talent, resources and spirit throughout the year to help promote the region, AACAA, and the hobby of antique cars at the local, regional, and national levels.

The 2018 recipient is David Ladnier.

## Ray Harper Restoration Award

The Ray Harper Restoration Award will be presented annually to the club member who has shown the greatest amount of restoration during the past year. Each year in October a committee appointed by the President will nominate and decide on the recipient of this award.

Ray Harper is one of our earliest members who played a major part in organizing our Deep South Region. He was very active in the antique automobile hobby and was well known throughout the area. We feel that this annual award will help encourage our members to restore and maintain the vehicles.

A plaque will be presented annually at the Deep South Region Year End Party to a member that is in good standing and has put the most effort in restoration of vehicles in our club during the past year.

The 2018 recipient is Paul Dagenais.

**It is time to Renew  
your Annual Membership**

Dues are \$40.00 for the regional and \$20.00 for our local: Total of \$60.00 per year.

Make the check out to DSR and mail it to:  
Paul Dagenais, Treasurer.  
58 S. Julia Street, Mobile, AL 36604

# What have you been up to?

## Tour of the Lights and Dinner

On December 10, DSR met at the Hobby Lobby parking lot. We crammed as many people in each vehicle as we could and proceeded through the lights.

After the lights we all had dinner at Newk's. This was a very fun event with 18 people touring the lights from DSR. 2 Harper's, 2 Rooney's, 2 Haye's, 2 O'brian's, 2 Ladnier's, 2 Chaudron's, 2 Dahlenburg's, 4 Rogers'.

*Light show at the Hank Aaron Stadium*

*Santa and snowmen at the Hank Aaron Stadium*

Lisa and Charlotte take a selfie with Jerry and Tina

## Dawes Christmas Parade

After a rain out the parade went off without a hitch on December 15. DSR provided three vehicles for the event. Charlotte drove the Henderson's 1936 Cadillac with Grand Marshal, Jerry Carl on board. Ross Sloan drove Brad and Mary Sullivan in his 1965 Ford Mustang and Darryl Anders had the Dawes Business Connection on board.

Driving the 36 Cadillac

Ross Sloan getting ready for the parade

## Santa is coming to town

The Christmas Season brings a chance to bring joy to everyone. On December 9 Darrin and I had the chance to drive Santa in the 1957 Bel Air to Twin Oaks Nursing Home. Santa arrived to live music with the residents outside for a over the top Christmas party.

## Dauphin Island Parkway Parade

December 15 at 2 pm the Dauphin Island Parkway Christmas Parade took place.

The parade route began at B.C. Rain High School and proceeds down DIP to Palmer Pillans Middle School on Old Military Road.

Loading for the Dauphin Island Parkway Christmas Parade is a fun time when you get to meet other participants.

DSR provided car for the parade that included a 2006 Sebring, 1986 Mercedes, 1957 Thunderbird, 2006 Mustang with Mobile City Councilman C.J. Small on Board, 1994 Cavalier, 1964 Ford Galaxie 500 with State Representative Barbara Drummond on Board. Representative Adline Clarke rode in the parade as well.

-David Ladnier

## Visiting the Moore Collection

November 17 Darrin and I were invited to see the Moore Collection just outside Birmingham. We met up with Vicki and Author Bolton. We were surprised by N.A.R. attending the event. We caught up with many old friends and made new ones.

The collection had a large varsity of very well maintained and restored vehicles. Ron Moore opened both buildings for us to wonder around and enjoy the cars. -Charlotte

*The North Alabama Region gang.*

*The building with the older cars*

*The Muscle car collection*

## The Harpers at work

I have been working on my enclosed car trailer getting it ready for our Deep South Region to use at the two car shows. It will be useful at the March local car show and at the national show in October.

Katherine and I have been going to car Christmas Party's: DSR AACA, Mississippi AAECM, & Model T Club in Mississippi and other parties.

Winter time gave us time to put brakes on our 1971 Monte Carlo and my Ford Ranger.

Merry Christmas to all.

Ray Harper.

# Letter from the Editor

Yes it is that time of year that we sit waiting on pins and needles to see what awards we may or may not have won. Three letters arrived just before Christmas. One is for a webmaster award, one for a newsletter award and one is for a service award. We will see at Annual Meeting in Philly what it could be.

Travel is defiantly in the future at least in February with Annual Meeting in Philadelphia the 7th through 9th. This is a packed full weekend of seminars, trade show, banquets and awards and a chance to meet new friends and catch up with old friends. Two weeks later is Ocala, February 21-23. The Winter National kicks off the year for AACA's Nationals and Tours. With several members attending this show it should prove to be fun!

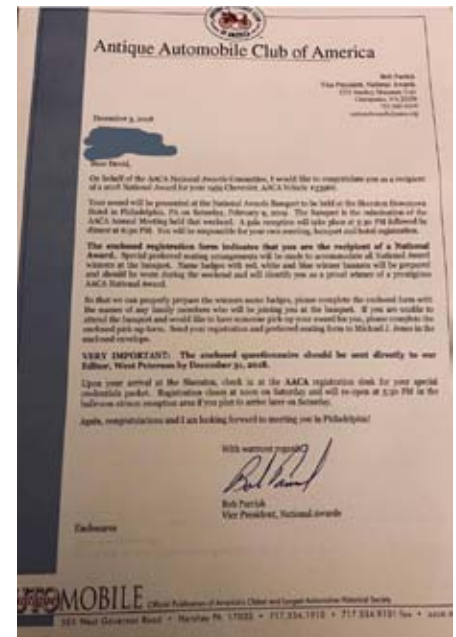

I am looking forward to the new year and thankful for the wonderful 2018 year.  
Charlotte

# Rooneys letter finally arrives

So here is the Pot of Gold at the end of the Rainbow! Corina and David have won a coveted AACA National Award! We will be going to Philadelphia, PA in February to the National Awards Ceremony Banquet to receive the

award. This is quite an honor and I am so proud of "them" that I just had to share! - Belinda Rooney

# REWIND

## WHAT DEEP SOUTH REGION WAS DOING 25 YEARS AGO from the December 1994 Sparkplug

The annual Christmas party was a grand success with 59 members and guests in attendance to celebrate on Friday night, December 9th. It began at 6:30 pm with cocktails followed by dinner. Our president, Buddy Paquet, welcomed everyone and our chaplain, Don Dillehay, offered the invocation. Throughout the evening drawings for door prizes provided lots of "ooh's and ahhh's". A report from Margie DeCrease on the Angel Tree project revealed we had provided gifts for 3 children but when the donations were counted there were sufficient funds to sponsor one more child. Way to go, Members!

The "Oath of Office" was

administered to the incoming officers by our current president and each of them was duly installed. Following this, incoming President, Frank DeCrease presented plaques to retiring vice president, Al White, and activities coordinators, Robert & Sharon Moore. He also asked the membership for their helping in the coming year and stressed that the officers serve at the discretion of the membership.

The fellowship at this year's party was outstanding and new members and those who have been in the club for a number of years had the opportunity to really get to know each other so the old saying "a good time was had by all" is more than appropriate.

By the time you read this the clubhouse will have had the Christmas lights put up. If you have time ride by and see just how lovely it looks. The only thing that would make it more seasonal is snow covering the ground but there's not much chance of that here in the Deep South Region!

The 1994 officers would like to thank all for the members for their help this past year and wish all for you a happy holiday season. We are blessed in so many ways but especially in that our members area a group of caring and concerned folks who are always ready to help anyone in any way.

# A Morgan 3 Wheel Car Tale

I have loved Morgan 3 wheelers since I first discovered them in the '60's, but I never saw one firsthand until May of last year. At that time I was fortunate enough to attend the first Morgan 3 Wheel Convention in Augusta, Georgia, where I met other enthusiasts. There were approximately 18 Morgan 3 wheelers there along with my Morgan replica, which I built several years ago.

The Convention included 4 days of tech talks, rides in 3 wheel cars and a drive to a venue for a car show.

I came home saying "I don't know how I'll do it, but I just HAVE to have one of those. Be careful what you ask for. Within a month one showed up on ebay, and I ended up winning the bid. I had to tow a trailer to Iowa to get it, but it was well worth the effort.

This has to be the most fun car I've ever owned, and it draws a crowd wherever I take it. I have been on the road with it for the past year and won awards at most every car show. It won

Best of Show at the Mobile Bay Vintage Motorcycle show in Biloxi, Mississippi, last year and 1st in Class this year. The car was awarded 2nd place in class at the Euro Fest Car Show in Ridgeland, Mississippi, and was entered in the Hilton Head Concours show, where there were 9 Morgan 3 wheelers in the class.

I spent most of the summer repainting the car for the Fall shows. It looks so much better now.

Morgan 3 wheelers are odd to drive. It takes ten steps to crank the engine. The throttle, choke and spark advance are on the steering wheel. The brake pedal works the rear brake, the tall lever next to the gearshift is the front brake and the gearbox is a crash box, so much double clutching is required.

I will plan to show it at the Deep South show next fall.  
Fred Veenschoten  
Pensacola, Fl.

Hilton Head

A NOTE FROM THE PRESIDENT

# December 2018

2018 was a full year with our group hosting a National Show, several mini tours and pop up car shows. Our group did a lot of things together and spruced up the club house.

The year ended on a sad note for several of us. I lost my Aunt who was more like a mother to me than an Aunt. She read every one of our newsletters. She also received the British Car Club newsletter and the flying club info. She did not like the flying club, or me flying which was many times safer then ridding on a motorcycle with me!

She did enjoy seeing and hearing about the old cars, and the club activities. I am sorry she never rode in the Metz (her friend's car). She enjoyed the Model A was fine as long as I didn't answer my cell phone. No way would she fly with me. Said my driving was too fast was OK but not going to fly. She was a generous person and loved life. 94 years old and did not use a walker or cane. My Aunt enjoyed helping me work on the cars. I will miss her greatly.

*Bobby P*

Also, members should visit our Facebook page.

Now is the time for all good men/women to come to the aid of their party/country.

Don Barlup  
Vice President  
National Headquarters

Those of us who attended high school prior to the computer age and took typing as a business course probably remember typing the above phrase, for accuracy and speed. Mrs. Foor was her name, and we typed until we got it right! She was a good teacher.

Fast forward from 1963 (when I took typing) to 2018 – 2019. We need to change that familiar long forgotten (until now) phrase to: “Now is the time for all good men/women, Regions/Chapters to come to the aid of AACA!”

Two important words – “Membership” and “Building”

Your Club needs you: Sign up a new member. Our Clubs future depends upon it. Without you there is no us, and without us, there is no AACA. Think about it, it is that important to our future and that of the hobby.

Our new building adjacent to the Hershey Fall Meet show field is a phenomenal location for our new National Headquarters and World Class Library.

Your National Board of Directors has each made a personal financial commitment to support the building fund. Several generous donors and a few Regions and Chapters have stepped up for naming opportunities in the new building. We need to count on each AACA member and Region to support the building fund – It’s that important! Can we count on you? Contact National Headquarters to make your donation.

Thank you and Happy Motoring.

*First Hybrid Car*

## First Hybrid Car

*Reprinted with permission from automostory  
www.automostory.com*

The history of hybrid cars goes a long way back. We can easily say that the first hybrid car in the world was introduced over 100 years ago in 1899 by none other than the big name Porsche. Back then introducing a hybrid car was a huge step taken by the Porsche manufacturers.

The first hybrid car called the Lohner-Porsche Mixte Hybrid (Semper Vivus) had in-wheel electric motors and on-board gas engine to recharge the batteries. Because of this, it was considered to be a very unique vehicle. Of the first hybrid cars pictured above the bottom picture is of the first hybrid car invented and the top photo is of the first hybrid car sold.

In 1905 the Woods Interurban hybrid car was introduced as the second hybrid car ever made but switching from gasoline engine to electric motor took 15 minutes which was not consumer-friendly. Also in 1905 a German inventor named Henri Pieper developed a parallel hybrid car which he would gain a patent on in 1909. The Galt Gas Electric hybrid car would be introduced in Canada in 1914.

Considering the time when the first series hybrid car was introduced by Porsche, it was not an easy task. It was something completely different and was considered as a big risk. This hybrid car's battery could only be charged by its onboard engine, and it did not require an electrical plug. Because it was a bit radical for the times it did not do well with the masses.

The genius Ferdinand Porsche came up with the concept of hybrid cars and the first with hub motors. The hybrid car was not ahead of its time only because it was the first

gas-electric hybrid, but it was one of the earliest cars being developed with an eye towards being an everyday commercial vehicle. The Porsche hybrid could travel almost 40 miles (64.3 kilometers), when the battery was fully charged.

The first hybrid car in the world, introduced by Porsche, was designed in a way that it removed the requirement for a gearbox, drive shafts or chains and a clutch. This reduced a considerable amount of mechanical friction and allowed the vehicle to use 83 percent of the energy, which is more efficient than today's internal combustion engine vehicles.

Later on, Porsche added hub motors to all four wheels, which enhanced the torque and power of the first hybrid car and permitted it to reach at the top speed of 70 mph (112.6 kilometers per hour).

The trend of hybrid cars did not take place because of the cheap availability of gasoline. But then again, this invention was appreciated a lot by a few automotive experts and enthusiasts. Manufacturing a hybrid car is not that easy even in today's world as there is much technology to be considered. Coming up with the concept of a hybrid car 100 years back was an amazing initiative by Ferdinand Porsche, which has come full circle and has proven to be a great idea once again today.

Hybrid cars and plug-in hybrids are growing in popularity in today's world, because they are environmentally friendly and save on gasoline which is not nearly as cheap as it used to be.

The reason why Porsche stopped manufacturing such cars was that electric motors became more expensive and gasoline went on becoming quite cheap. Full battery-electric cars suffered the same fate because of long recharging times and they did not have nearly the range of gasoline-powered vehicles.

Since there were no economic reasons to further develop hybrid cars at that time, Porsche stopped manufacturing the vehicles and continued to make regular gasoline-powered cars, which obviously have always been very popular among car lovers all these years.

*First Porsche Hybrid*

# Application for New Membership

## Deep South Region AACA

Mobile, Al

Ownership of a vehicle is not required for membership

National AACA Membership Number \_\_\_\_\_  
(You must be a member of AACA to join Deep South Region)

## Give the Gift of AACA Membership

I can't think of a better gift to give someone who loves this hobby than an AACA membership. Do you have friends and family who aren't current members and enjoy antique cars as much as you do? With the benefits of Antique Automobile magazine and the Library & Research Center alone, how can you go wrong?! Do you have kids or grandkids that are just starting to get interested in antique cars? Student and Junior memberships make great gifts and give you something to bond over. An AACA membership is a unique gift that gives all year long! Call us today at 717-534-1910!

## From the AACA Library & Research Center

GET YOUR '55 FOR \$55!

AACA Library's "Build-a-Bookmobile" Custom LEGO Kit By Matt Hocker, Assistant Librarian, mhocker@aca.org Honey, I shrank the bookmobile! Now's your chance to own a handheld version of the AACA Library's 1955 Chevrolet bookmobile. Our custom LEGO kit was designed in-house and features seating for a minifigure, functional book box doors, shelving and monitors.

Each kit is packaged in an attractive box with professionally printed building instructions and vinyl decals.
