

The Sparkplug

Deep South Region of AACA Newsletter

Vol. 55 No. 7 August 2022

Goodbye Gertie.....

It was with a heavy heart that I waved good-bye to my Model "A" recently. After my great friend Bob Gechjian passed last November, I just could not find anyone locally here that I would trust to work on the car, and she needed some work that was way beyond my skill level. I bought the car from Buddy Paquett in 2004, and had nearly 18 years of fun with it. It was sold to a guy from Milton, FL who is an avid Model "A" fan, and an active member of their local Model "A" club. He kept me posted after the sale with updates on repair progress. He managed to do in weeks what I couldn't do in months, so I was very happy that my car went to just the kind of owner I hoped to find.

Dick Cashdollar

I am more than just
the caretaker of my old car.
I am the only one who has a say over
the fate of my old car.
And for me, the decisions I make
regarding the cars I own falls entirely
on my shoulders.
And there are no wrong answers.
I pamper, polish and show off the
beauty of my loved car.
At some point I will decide
to pass my car on.
I am merely the caretaker
of an old car.
- Charlotte

Robert McNaughton Lembcke

Robert (Bob) McNaughton Lembcke died suddenly on July 20, 2022, in Pensacola, Florida. He was born February 6, 1952, in Columbus, Ohio. Much of his childhood was spent in Tulsa, Oklahoma, where he graduated from Nathan Hale High School. He then attended Oklahoma State University and graduated in 1974 with a BS degree in Mechanical Engineering.

He worked for many years as an engineer at Monsanto, in St. Louis, MO and Pensacola, Florida. He had been an active member of ASME since 1975, and served on several committees over the years.

His passion was cars, especially vintage sports cars. He loved working on them, racing them, and talking shop about them. He was a member of SCCA, and participated in races in many states. His many friends knew him as "Okie" or "Pokie Okie".

He attended the local Christian Science Church.

He was a proud member of the Peoria Tribe of Indians of Oklahoma, he attended as many council meetings and stomp dances as possible. He will be buried in the tribe's cemetery near his ancestors, in Miami, Oklahoma.

He is survived by his sister, Mary (Kenneth) L. Davey of Stillwater, OK, niece: Kristen Gillman (John Ray), nephews: Garret Davey (Erin), Mark Davey, Jay Davey (Amber), and great nieces Camryn Davey, Everly Davey and Emerson Davey and great nephews Colson Davey and Noah Davey.

Donations in his memory may be made to IMRRC, International Motor Racing Research Center, 610 Decatur Street, Watkins Glen, NY 14891

His family is still coming to terms with his untimely death.

Bob Lembcke

Bob Lembcke in one of his race cars

Bob Lembcke in his racing days

Editors Note:

Bob was not a member of the Deep South Region but he supported our region in many ways. Every National show we hosted, Bob brought one his race cars over from Pensacola.

Bob was also a regular contributor to our newsletter. The most recent was the "Some Psalms - From "The Sussex Patrol"" that ran in our June newsletter about the Model T.

Bob will be missed along with his stories, words of encouragement and support he gave our region.

A
NOTE FROM
THE PRESIDENT

August 2022

Greetings. I

I hope everyone is managing as we plod through the August heat and rain. And some wonder why there are few car-related events this time of year.

This month Rheba Chaudron, our refreshment chairperson, is organizing our Italian dinner. After the dinner Ron Goode from ATA will talk about assisting folks with their insurance claims. Information about his company is included with this issue. His talk promises to be interesting and thanks to Ernie Rogers for arranging it.

We have limited business to discuss this month. The finance committee will report on proposed expenditures and further decisions need to be made about the cruise-in, Holiday dinner and the reception to benefit Ronald McDonald House.

I hope to see you Thursday at 5:30.

Paul

August 2022

What if Scenario:

Have you ever wondered what happens after your property is damaged and your insurance company says the damages were pre-existing, non-significant, or the cost of labor and supplies to make the repairs aren't reasonable?

Introduction:

Ron Goode will be speaking today about how ATA Loss Consulting is on your side and what they can do to help you recover what is rightfully owed under your insurance policy.

About ATA Loss Consulting:

With over 150 Years of combined experience, ATA Loss Consulting is the national leader in offering a different approach to settling insurance claims. They work for the policyholder, not the insurance company. As expert loss consultants, they can assist at any stage in the claims process, ensuring the policyholder gets what they are rightfully owed.

Austin Tanner-CEO:

Over the past 17 years, Austin Tanner has dedicated his professional life to becoming a leading policyholder representative. He is a seasoned professional with progressive experience as a senior-level claims specialist with demonstrated success at overseeing each component of the claims process.

In 2005 Austin began his career as an adjuster for insurance carriers and worked his way to become a mentor in the National Flood Insurance Program and trained countless adjusters.

In 2010 Austin was a partner and served as Vice President of an adjusting firm where he managed the day-to-day operations.

In 2015, he was invited to Washington DC to serve as a manager and trainer on a Government Taskforce auditing thousands of claims following a major hurricane. After being involved in the task force, Austin was shaken by the need for true advocates to represent the policyholder's interests in the insurance claims process.

After leaving DC Austin started ATA Loss Consulting to truly provide a level playing field for policyholders who are continually taken advantage of by insurance companies. To date, ATA has assisted in rightfully recovering millions for policyholders over and above what the insurance company offered.

Ron Goode-Senior Loss Consultant:

Ron has worked in this property insurance industry for over 21 years, handling all aspects of property and commercial insurance claims that includes heavy structure, personal property, additional living expenses and complex losses. He has spent his career as large event Storm Manager, Account Manager with Allstate Insurance Company, Nationwide Insurance, Lighthouse Insurance, Centuari Insurance, UPC Insurance.

With ATA, Ron has assisted property owners with both residential and commercial claims which includes full-policy reviews, complete site evaluations, and inspections while assisting in estimating damages that are covered by insurance policies.

What have you been up to?

A few of us got together on Saturday, August 6 and headed to Dauphin Island for ice cream. We met at the Henderson Collection and drove down Bellingrath Road.

When we arrived at the Island we got soft serve ice cream and shakes! We enjoyed watching the ferry load.

We decided to head over to the fort for some photos. Then we headed back home.

Those that were able to go at the last minute were David and Joyce Ladnier, Dan McNamara, David Reeves, Darrin and Charlotte Dahlenburg and Barrett.

Sunshine Committee

In the event that someone is in need of some "sunshine." You can contact me on my cell (251) 421-6012 please leave a message if I don't answer, send a text or email me: mrhobbs456@aol.com. Together we can make sure that everyone receives "sunshine" when they most need it!

Kathy McNamara Sunshine Committee Chairperson

Thoughts Go Out

Also keep good thoughts and prayers for Donna Wood, Judy Bobo, Henderson Family, Buddy & Patt Paquet and Lycle Crowdus.

Notes from the Webmaster

Our website is our first outreach to the community. It tells other car enthusiasts who we are. In order to keep it current and up-to-date, please take the time to help. If you have flyers for upcoming car shows, photos of club activities, or photos of your car(s), please send them to me for posting on the club web page. Please send them in jpg format. - Charlotte

Guess what this is? What does this go to? Email your answer to deepsouth.aaca@gmail.com.

Answer for last month: 1905 Curved Dash Oldsmobile

Secretary Notes July 2022

Prayer and pledge of Allegiance opened the meeting.

Motion made to accept the Minutes published in the Sparkplug as is. Deana Landry 1st; Dan Jacobson 2nd; Passed.

Motion made to accept the Treasurer's report as emailed to members. Debbie Bright 1st; Tracy Metclaf 2nd; Passed.

Sasha announced the Finance Committee: Rod Matthews, Rheba Chaudron, Debbie Bright and Sasha Thatcher.

Old Business:

Waiting on David Ladnier and Charlie to coordinate the sign.

Waiting on David Ladnier to coordinate the Cruise In.

New Business:

Dan Jacobson replaced the flag and discussion to provide the flag with solar lights.

Refreshments: Rheba Chaudron sent around a sign up sheet for the Italian Dinner. Nobody has volunteered to coordinate the September meeting.

Rheba brought up the upcoming events of Thanksgiving and Christmas. After lots of discussion, a motion was made to combine the Thanksgiving and the Christmas/Awards Banquet to one event and hold it off site. Sasha Thatcher 1st; Larry Nelson 2nd;

Passed.

Martha brought up separating the Ronald McDonald House donation from the Christmas/Awards Banquet and holding an afternoon tea for the annual Ronald McDonald House Donation Drive. Rheba will look into that. Those wanting to help with planning the Christmas/Awards Banquet, see Rheba Chaudron.

Website: Charlotte talked about some of the statistics of the website and asked for ideas on how to turn the 10,000 plus hits a month on the site into members. Many great ideas were thrown out there.

Motion was made to close the meeting. Brian Daly 1st; Zeno Chaudron 2nd; Passed.

No 50/50 was held at this meeting

Respectfully submitted,

Daniel

WHAT'S OLD IS NEW IN 2022

AACA EASTERN FALL NATIONALS

Registration information can be obtained by submitting the activity request card that came with this magazine to AACA Headquarters.

Fiat Abarth 750 Zagato 1957

Reprinted from Bohhms.com

Weekend canyon cruises are great, but one of the most gratifying classic car experiences are the various rallies and point-to-point endurance races that take place on public roads. While '60s muscle is ideal for long stretches of highway routes the buzzy little European coupes that were built for running races on old farm roads.

Carrozzeria Zagato was founded in 1920 by Ugo Zagato, in Milan, and the first bodies would roll out of workshop built out of aluminum on Fiat 501 chassis. Very soon Zagato added Alfa Romeo as a customer and would simultaneously build bodies on Bianchi, Diatto and Itala

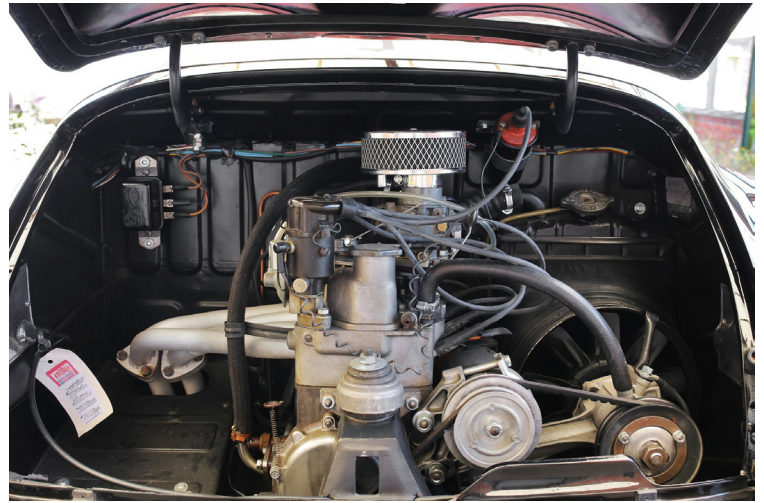

chassis. Maintaining a various group of products, aircraft parts were produced for Pomilio, for whom he had worked during the war. Forced to diversify during the 1930s, Zagato took on the building of truck cabs for Isotta-Fraschini, a job that kept him busy until Allied bombs laid waste to his workshops in 1943. A new plant in 1946, however, put the firm back in business, and Ugo's son, Elio, joined the company.

Zagato had a good amount of experience with Fiat, having built a 750 GT coupe on the Fiat 500 chassis beginning in 1952. A sports spider in 1953 had a tubular frame and power trains from either the Fiat 1100 or 1400. Commissions from Alfa Romeo and Ferrari followed in short order. From 1955, Zagato took on the production of

coupe bodies for Carlo Abarth's new Fiat-based 750. The Abarth 750 was based on the Fiat 600, its 633cc engine enlarged to 747cc, which nearly doubled the horsepower. With Allemano building bodies for the spider version of his car, Abarth turned to Zagato for a coupe. The coachbuilder's sketches for the body had a roof so low that there was scant headroom for a person of normal stature, so twin bulges were put into the contour. The result was immediately nicknamed "Double Bubble," after a well-known brand of American chewing gum.

Letter from the Editor

I want to say thank you to all that have contributed to the newsletter over the last 7 years. I have loved every minute of producing this newsletter.

I have enjoyed getting to know you all. I enjoy talking with you on the phone and out at events as well at our regular meetings. Because of all of you I have won 5 Master Editor Awards and the Ann S. Eady Memorial Award.

But what I treasure the most is your friendship that is a direct result of this job. In 2016 I had only been a member for less than 6 months when I was elected to this position. I barely knew any of you. I got to know you quickly.

During the Pandemic time I enjoyed the front porch photos that I did to help us stay connected. There were many conversations on the phone.

Recently I lost a friend that was a regular contributor and I am very sad about that. I will miss the regular email's and calls. Bob, I will meet you again on the Highway to Heaven.

On a lighter note, I look forward to many years to come providing a newsletter for your enjoyment.

See you on the road,

Charlotte

2022 AACA Sentimental Tour

September 10-15 • Gettysburg, PA

Automobiles 1928-1958

National Civil War Museum • Eastern Museum of Motor Racing • C & O Canal National Park • Don Bowman Collection • PA Capitol and Governor's Residence • Jay Crist Collection • World War II Experience Museum

Bits n' Pieces From AACA

By Steve Moskowitz
AACA CEO

We thought we would reinforce information that is going to be published in Speedster and in Antique Automobile. There are important things happening with AACA over the next few months and we do not think we can repeat them enough!

First, on July 24, a new event being put on by AACA staff at our building in Hershey. We will also use the "Hershey" show field. The event is called CarMania and for those living near Hershey or wanting to make a trip this will be a fun day. Wayne Carini of Chasing Classic Cars is expected to be with us. Not a typical car event as we will have activities all day. Please check out www.aaca.org/carmania for all the details. Click on FAQ on the ad to learn more.

Next is a new oral history project we are cosponsoring with a company called PCI. You will find a story about this in our other publications. Naturally PCI is doing this as a for-profit venture but they are also making a nice

donation to AACA. Most importantly we will be able to secure your hobby history for future generations. We are very excited about this idea. We do recognize some of you do not want to be solicited and if so please let us know and we will take you off the mailing list. Just contact us at 717- 534-1910.

The Eastern Division Fall Nationals known to most as "Hershey" is on again this year and for MANY more years to come. However, PLEASE make note of the new schedule. Load-in for vendors is on Monday, flea market and car corral starts on Tuesday with the CAR SHOW on FRIDAY! Also, a special this year is the library literature auction on Tuesday at 4 pm. There is going to be some great new literature available especially since we will be selling off the duplicates from the portion of the Philadelphia Library archives. Many of these have not been touched in 50 years! Sale will be at the back of the AACA Headquarters building. Don't miss out!

While Ken Eberts cannot be here to sell a poster this year, there still will be a poster. David Snyder is taking over the reins for a year or two and based upon the preliminary drawing I have seen you will want this poster! David, will be on Chocolate Field North at the AACA blue trailer (same location as Ken was). Also check with the Hershey Region souvenir tents.

Rummage Box articles courtesy of AACA Rummage Box

REWIND

September Outing will be "Movies & Popcorn"

Now is your chance to see how DSR members enjoyed the tours of the 1980's plus other video fun. Ray & Katherine Harper will be hosts of the afternoon. It will begin at 2:00 pm on Sunday afternoon, Sept. 14 in the clubhouse. Ray has combined film from several tours the club made and put them together into one video. It will last approximately one hour after which we will have refreshments and fellowship. If you were on one of the tours you will enjoy reminiscing good times. If you have never been on a tour, you will discover how much fun they are and why we try to get one up occasionally. There is one

member who is quite a prankster and loved to catch another unaware. Come find out who it is!!!

Dedication Committee Meets

 By John Reid, President

I formed a clubhouse Dedication Committee comprised of myself, Lycyle Crowdus, Leah Musgrove and Ernie Youens. Our first meeting was Aug. 6.

The date for the dedication will be Sept. 21. This date is significant as it is the same date as the original clubhouse "Open House" in 1985. The hours will be 2-4 PM. We formed various sub-committees that are: Media – John Reid; Food/Catering – Brenda Reid; "Lloyd Stories" – Leah Musgrove; Invitation List – John Reid/Lycyle Crowdus.

WHAT DEEP SOUTH REGION WAS DOING 25 YEARS AGO

from the August 1997 Sparkplug

Anyone that has a "Lloyd story" should contact Leah (633-9305) with a brief account of their story which should be no longer than two minutes. She will select a few to be presented at the dedication.

Also discussed was the requirement for a plaque to be placed on the outside of the clubhouse dedicating it as the "Lloyd Crowdus Memorial Clubhouse".

Presently, plans are to have light hors d'oeuvres, cake and punch during the dedication. All members are urged to drive their antique autos. All guests with antique cars will be asked to bring them also.

Discussion of the above will be held at the Aug. 28 meeting.

**Do You Like to Drive Your Car?
Then the Mileage Award Program is For You!**

If you enjoy driving your antique vehicle, start your engine and get recognized for driving your AACA-approved vehicles throughout the calendar year with the Mileage Award Program (MAP).

Participation is voluntary and tracking mileage is your responsibility. Any time a vehicle is driven – anywhere for any reason – the mileage counts towards the award levels. Once you sign up, you will receive a badge and awards at 2,000, 5,000 and each 5,000-mile increment thereafter. The cost to become a MAP member is a one-time fee of \$25.

If you have any questions, please email Sherm Carey, shermcarey@gmail.com

The Military Sponsorship Program is available to all of the Military Veterans that have proudly served to protect our homeland and freedoms. With this program, AACA is extending a limited number of complimentary 2020 memberships for first-time AACA applicants. More information on this program and an application can be found on the AACA website under member information and drop down to Military.

These complimentary 2021 memberships are for first-time AACA applicants and are limited by the funds available for this program. These complimentary applications for membership are intended for individuals who have a genuine interest in the antique car hobby.

**YOUR Memories
Wanted!**

Every day we lose the history of our hobby, and for a simple reason: no one is recording it! For some time, we have felt that getting oral histories from AACA members would be important in years to come. Hearing historical stories that members relate will be a great source of information and entertainment long into the future. Car people understand the value of history and we hope that you will seriously consider a brand-new project we will be kicking off shortly.

While we are working on the infrastructure, equipment and the avenue in which to make these histories available to our members and guests at our new building, we recognize that we simply do not have the manpower to do this on our own. As such, we have partnered with Publishing Concepts (PCI) to reach out to members and inquire about their interest in participating in this project. PCI has been around for about 100 years, and they produce all sorts of publications such as the membership albums we did a few years ago.

PCI will be contacting you directly to inquire about your interest in participating in the project, and if you wish to purchase a book that they will publish based upon the stories they collect. You are under no obligation to participate but we are hopeful many of you will. PCI will not only be donating all the oral histories to AACA, but also a monetary donation from the company to our club.

We are very excited to get this project underway and hope that your history stays with our new building forever. A lasting monument to your experiences in the antique car hobby and AACA will be a fitting legacy for not only you but your family. We heartily endorse this new initiative but understand some of you do not like being solicited. If this is the case, contact us at 717-534-1910 and let us know that you do not wish to be solicited. We will have your names redacted from the file that we send to PCI.

Thank you for considering this project. We anticipate that it will be fun for many of you and serve as a lasting tribute to those who participate.

Life in America in 1960

Source: popculturemadness.com and Funtrivia.com

The 60's were a decade once again dominated by a war (VIETNAM) not a world war but the effects were still felt throughout the world. It is also the start of showing how the people can effect politics through the power of "peaceful" demonstrations, students were the driving force because with education comes empowerment and with empowerment comes a voice, and in the 60's students learnt how to use that voice.

In the West although politicians would have liked to stopped demonstrations (and tried) against their policies, due to "freedom of speech" it was not possible

Many of the conflicts during the 60's could be considered to be part of the ongoing cold war between the East and the West (Communism -- Capitalism) , but due to the Nuclear Capabilities of both sides nether wanted to start a full scale war as they realized there could be no winner but both believed their ideology was best, they tried in other ways to influence the politics throughout the world.

Many believe the closest the world has come to a Worldwide Nuclear War was in 1962 during the Cuban Missile Crisis

John F. Kennedy became the 35th President of the United States from January 20, 1961 till his assassination on November 22, 1963 at Dallas, Texas by Lee Harvey Oswald. His presidency although cut short due to his murder is remembered for multiple reasons including his

- 1963 Chevrolet Corvette Sting Ray. ...
- 1964 Pontiac GTO. ...
- 1965 Ford Mustang. ...
- 1966 Lamborghini Miura. ...
- 1968 BMW 2002.
- 1965 Rolls-Royce Silver Shadow
- 1967 Toyota 2000GT
- 1962 Ferrari 250 GTO
- 1964 Porsche 911
- 1965 Lotus Elan
- 1963 Aston Martin DB5

commitment that the United States of America should commit itself to landing a man on the Moon and returning him back safely to the earth before the end of the decade. The Cuban Crisis and Bay of Pigs Invasion. And creating the Peace Corps to help underdeveloped nations in areas such as education, farming, health care and construction. For such a short term in office his achievements endeared

1960 Slang

Race for pinks: Race cars when the winner keeps the loser's car.

Far out: Awesome.

Gimme some skin: To ask someone to slap or shake your hand in agreement.

Bogart: To keep everything for yourself.

Deuce: Putting two fingers up in a peace symbol.

Don't flip your wig: Don't be upset.

Old lady: Girlfriend/wife.

Old man: Boyfriend/husband, sometimes father.

Square: Someone who isn't cool.

The Man: Any establishment authority figure interested in maintaining the status quo of corporate and political.

Fuzz: Policeman

Hang Loose: relax instead of work

Bummer: things not going your way

him to the American People.

During the 60's the Charismatic Martin Luther King who was a civil rights advocate and exceptionally gifted speaker, followed other great leaders throughout history by using non-violent means together with the power of speech and managed to create change through his influence created by the strong following he had. He was assassinated on April 4th, 1968, By James Earl Ray

The Civil Rights Act of 1964 and The Voting Rights Act of 1965 changed the lives of the African Americans minority by ensuring equal rights for all

The Sixties also bought the space race to new heights and ended the race to land a man on the moon and bring him back when America through the Apollo 11 mission on July 20,1969 put Neil Alden Armstrong and Edwin Eugene 'Buzz' Aldrin, Jr. became the first humans to land on the Moon fulfilling the American Dream to place a man on the moon before the Russians (Space Race). The words spoken by Neil Armstrong "That's one small step for man, one giant leap for mankind" going into the history books for now and future generations to come.

Both martin Luther King and John F Kennedy were assassinated during the 60's

Popular Culture 1960s

This was the Decade of the Smiley Face found on anything and everything around the world including T Shirts,it's popularity was at its peak in the mid to late 1960's

This decade can also be summed up with a few well-chosen phrases which epitomize the decade "The Space Race", "Cuban Missile Crisis", "Continuing Cold
